

Jaycee Park Playground  
"Make a Difference in the Life of a Child  
By Giving the Gift of Play."

# JAYCEE PARK PLAYGROUND

(Actual name to be determined later)

“Nothing on Earth can stop an idea whose time has come”

- Victor Hugo-

Join us as we bring St. Charles City its first universally accessible playground. Your generous support will enable children and caregivers of all abilities to engage in the joy and benefits of play.

Unlimited Play, Developmental Disability Resource Board, St. Charles City and St. Charles Parks and Recreation proudly present a unique, beautifully designed, adventurous play place designed for ALL children.

The location will be in Jaycee Park off Elm Street, centrally located between Hwy. 1-70 and Hwy. 370.

This destination playground will attract children, families, schools, groups and other organizations from around our community and truly impact tens of thousands of people a year. Play is vital for all children’s cognitive, physical, and social/emotional development. Playgrounds are the perfect place to foster self-determination, friendship and memories that potentially can last for a life-time.

Unlimited Play, creators of Zachary’s Playground, Tree Top and Brendan’s Playground is a 501 C3 non-profit organization. Your financial and in-kind support are tax deductible as allowed by law.

Together, we can create a place where limitations are forgotten and differences celebrated.

# Unique Features of St. Charles' 1st Universally Accessible Unlimited Play Playground:

- Approximately 50,000 sq. ft. of adventure theme area accessible to children and caregivers of all abilities; fenced around to provide the utmost safety
- Safe surfacing that ensures mobility for children/adults in wheelchairs and walkers and for those who experience difficulty on uneven surfacing
- Ramping systems from the bottom to the very top of every play element, transfer stations, specialized seating, hand-holds, and climbing systems slanted to assist children's climb and reach
- Swings including adaptive swings (high backs) for children with low muscle tone, toddler swings and the favorite saucer swing that enables multiple children to swing together
- Stainless steel slides and roller slides to enable children with Cochlear ear implants to enjoy the experience of sliding (plastic slides shorten out hearing devices)
- Sensory rich environment including musical elements such as tuned drums and aluminum chimes, Braille signage, and aromatic plantings
- Numerous interactive panels fostering cognitive development, including a tree and butterfly custom designed to spark children's imaginations and promote the appreciation of nature
- Beautiful pergola shading 5 chess tables surrounded by lush shrubs, trees and fruit bearing vines
- One of a kind water play area resembling the Missouri bluffs that will help everyone stay cool, especially children who have difficulty regulating their bodily temperature
- Updated restrooms with additional family style restroom to accommodate every family

## Give the Gift of Smiles through Play
